Subject: Urgent: Help with dangerous encampment and road collapse

Hi Mr. O'Farrell,

I am writing you as a last resort as my neighbors and I have exhausted every other resource. Over the last few years a number of us that live around Reservoir St and Glendale Blvd have regularly reported issues stemming from the homeless encampment that is on the incline to the side of lower Reservoir St. that goes up to upper Reservoir St near Glendale Blvd and Sunset Blvd.

We have reported the below issues regularly for over 3 years to all the appropriate city services without any significant improvement or actions taken:

- The location is usually completely overflowing with garbage, shopping carts, human waste, used needles and other stolen property.
- The inhabitants have dug alongside the incline underneath the road, exposing a large storm pipe and causing significant damage to the road creating a situation where part of the road is now on the verge of collapse.
- The garbage is frequently overflowing into the road causing major obstruction.
- The inhabitants frequently harass and cause a loss of revenue for the businesses in the strip mall adjacent including the Burger King at that corner.
- The inhabitants have been caught having sex in public on numerous occasions. Once loudly as I walked by with my young daughter.
- The inhabitants are regularly caught nude in the evenings going to the bathroom in the storm drains and gutters at the location.

Please see the attached photos detailing the damage caused to the road and potential for road collapse.

Is there anything your office can do to permanently clean this location up, repair the incline, repair the road and damage done to the incline. The situation here has gotten progressively worse over time and continues to create a poor quality of life for the tax paying neighbors. It is unacceptable that this has been allowed to fester for so long.

Many thanks,
[REDACTED]

Greetings,

We appreciate you contacting our office and remarks -- I am including (CC'd) our Field Deputy **Juan Fregoso** who would be your representative on behalf of the Councilmember and may provide information/assistance on this concern/matter. Thank you again.

My best,

Thanks [REDACTED]

It was good connecting with you the other day.

I am following up with the Department of Street Services, I just wanted to acknowledge that I have your email and pictures.

Please feel free to follow up if anything comes up.

Hi Juan

Hope you are having a nice holliday season. Is there any update on the below situation? Yeaterday, i was unable to make a left turn onto lwer Reservoir off off Glendale due to a ton of garbage in the road and multiple homeless people in the street.

Also due to the recent rains, the storm drain was overflowing wit what appeared to be human waste. How is that not a major epa violation and/or health code violation?

Has the incline been evaluated yet for structural integrity? The rain further eroded the situation there.

Thanks,

Thank you,
[REDACTED]

Hi Mr. Fregoso and Mr. O'Farrell,

Attached are new pictures from the road above the lower Reservoir St. encampment. You can see that the initial collapse has gotten MUCH worse and there is now a second collapse.

What is the status of this situation?

Thank you,
[REDACTED]

The incline collapse continues to get dramatically worse on a daily basis, the garbage piling up from the encampment and the behavior of the encampment inhabitants is totally unacceptable to the neighborhood.

Can you help me to understand what is being done? What is the status of this situation?

Thank you,
[REDACTED]
